

Press Release – November 2022

The countdown begins for the most awaited event of the airport industry in Europe.

INTER AIRPORT EUROPE 2023
THE ONE-STOP-SHOP EVENT THAT UNITES THE ENTIRE AIRPORT COMMUNITY
CONFIRMS ITS POSITION AS LONG-STANDING PARTNER OF THE INDUSTRY

Inviting all airports stakeholders to “Inspire the Future – Create Connections – Empower Airports”, the event testifies to the renewed hope and determination of the industry to reconnect for a stronger future.

The countdown is on for **inter airport Europe 2023**. The 24th edition of the International Exhibition for Airport Equipment, Technology, Design and Services will be held from 10 to 13 October 2023 at the Munich Trade Fair Centre in Germany.

The event is the only show covering all airport-related areas, a key advantage for all the visitors of the event, as it provides the decision-makers of the industry with a unique chance to find all they need under one roof.

A History of Creating the Future

For over 40 years, inter airport Europe has been a unique partner for airports, their suppliers and all the stakeholders of the industry by uniting the global airport community.

By inspiring, collaborating, and celebrating the sector's innovations, the event has proved to be a unique platform where part of the history of airports was created.

Through the good and the challenging times, the event has accompanied the growth of the industry, building trust with thousands of loyal visitors that flood the alleyways of the show every two years.

Today, as airports look for sustainable and efficient solutions to improve their future, the show promises an exciting experience full of cutting-edge products, pioneering technologies and unmatched networking opportunities that will make a real difference for every player in the airport industry.

“inter airport Europe is the only show to have followed the evolution of airports since 1977. We have accompanied its growth, its challenges and its changes. We are proud to have created a united and positive community and will continue partnering with all the players of the industry to build a bright future for airports.”

Nicola Hamman, Managing Director, Mack-Brooks Exhibitions

A comprehensive show profile

The show profile of inter airport Europe includes three exhibition segments:

- **TERMINAL** covers all solutions and equipment for terminal operations, infrastructure and technical installations as well as interior specifications and furnishings, architectural design, equipment and planning stage of the airport
- **DATA** covers all airport IT systems, data management solutions, as well as connected systems and IT processes to handle passengers, operations and air traffic
- **RAMP** covers ground handling and ground support equipment, as well as runway construction and installations

The exhibition attracts the key decision-makers of the industry, such as professionals from airports and airlines, consultants, suppliers and specifiers to the airport sector who are looking for the latest equipment innovations and tailor-made solutions for their needs.

Testifying to the importance of the event, many exhibitors have already secured their presence at inter airport Europe 2023, including some leading suppliers of the industry such as:

ADB Safegate, BEUMER GROUP A/S, CEIA SPA, Getriebebau NORD GmbH & Co. KG - NORD DRIVESYSTEMS, ITW GSE, Panus Assembly Co.Ltd, TK AIRPORT SOLUTIONS S.A., or WEIHAI GUANGTAI AIRPORT EQUIPMENT CO LTD.

More than a show: the inter airport Europe experience

inter airport Europe provides a full experience that comprehends a vast array of exciting features:

Live Demonstration Area

Providing customers with a unique chance to discover the latest products and solutions coming to life, the demonstration area is a key attraction for visitors.

Conference Programme

Unmissable for visitors to keep up to date with the advancements of the industry and be at the forefront of its evolution, the conferences showcase key speakers from all parts of the world.

The Innovation Awards

Highlighting the innovative spirit at the core of the exhibiting companies, the Innovation Awards honour the winners for outstanding achievements and technological advancements in the airport industry.

NEW for the 2023 edition: inter airport FOCUS – The Sustainability Summit

Held over 2 days during the show, on 11&12 October 2023, the summit, held under the slogan “Joining forces to reduce CO2 emissions in the airport industry”, will allow all stakeholders to collaborate in facing one of the most pressing challenges of the sector. Participants will be able to share best-practice knowledge and attend valuable speeches, panel discussions and key presentations across three themed stages, to learn about efficient solutions and improve their own practices and processes.
